

Adding Dependents

- 2020-05-27 - VSee Clinic for Patients

Create an account for your dependent

1. Log-in to your account, the parent account.
2. Click on  or .
3. Click on "New family member" to create an account for your child or dependent. In the screenshot below, Adam Smith is the parent account.

4. Fill in the registration fields with your dependent's info then hit . In the screenshot below, we can see that Anna Smith is the dependent account.

5. Fill in the patient forms as needed then hit .

6. You have successfully created an account for your dependent.

You will now be automatically directed to enter the waiting room or schedule an appointment using your dependent's newly created account.

Proceed in filling out the required information. The steps moving forward will be the same for any patient - parent or dependent.

To switch back to the parent account, click on the dependent's name located on the upper right corner.

Follow up visit or appointment for your dependent

1. Log-in to your account, the parent account, as per usual.
2. Click on  or .
3. You will be ask who the visit is for.
