

Automatically Accept Calls

- 2020-01-30 - VSee Messenger (Providers and Patients)

CALLS FROM ANYONE OR SELECTED USERS ONLY

By default this is disabled which means you manually accept (or reject) a call from anyone.

1. Open the VSee Messenger app.
2. Click on the **gear icon** > **General** > Check **Automatically accept calls from**
3. Choose if **all users** or **selected users**.
4. If you chose selected users, type the name of the contacts you want to automatically accept calls from.
5. To remove from the list, right-click on the contact.
