Change Video Window Size and Layout

- 2023-07-12 - VSee Messenger (Providers and Patients)

CHOOSE TILE LAYOUT AND RESIZE VIDEO WINDOW

1. Open the VSee Messenger app.

2. Click on the **3 horizontal dots** > **Video Windows**. Choose the layout and size.

You may also resize the windows while in a call by dragging the windows at the corner.

To resize all windows simultaneously:

- **Increase size:** Ctrl + (Win) or Cmd + (Mac)
- **Decrease size:** Ctrl - (Win) or Cmd - (Mac)

4. To save, click **Save window layout**.

5. To clear any saved layout, **Clear all layout**.

MERGE VIDEO WINDOWS

1. Open the VSee Messenger app.

2. Click on the **gear icon** > **General** > Check **Merge video windows**. This will always merge all video windows when you are in a call.

POP OUT A VIDEO WINDOW

While in a call, open the main video window. Click on the **3 horizontal dots** > **Pop out**.

SNAP IN A VIDEO WINDOW

If you have unmerged video windows, snap them back in by clicking on the arrow located on the lower right.

PIN VIDEO WINDOWS

While in a call, you may "pin" selected video windows so they stay on top of all your open windows.

Click the **pin icon** located on the upper right corner of any video window.
