How the Eligibility Feature Works

Jay-Ileen (AI) - 2023-07-17 - VSee Clinic for Providers

As a Patient, you can now choose to let your health insurance pay for you (or your dependents') telemedicine consultation with your VSee Provider.

Note: This feature may not be available in your clinic. Please contact [Sales](#) or your Account Manager to enable this feature.

As a Provider, you can check and add the Patient's eligibility information during the visit.

The screenshot shows the VSee Clinic interface during a video consultation. On the left, a large video window displays a smiling female patient, Alena Workman. A smaller inset window shows the doctor, Dr. Adison Kenter. Below the video is a control bar with icons for mute, video, chat, and call. A text prompt reads: "Having issues with your in-browser video? Join via VSee Messenger App".

On the right, a sidebar provides patient information and insurance details. At the top, it says "Ready for Physician" and "Add Tag". The status is "In Progress" with an "Add Participants" button. The patient's name is "Alena Workman".

Insurance Section:

- Insurance coverage is active. You may proceed using this insurance plan.
- Check Eligibility: Eligibility Status: ✔ Active

You can even submit a medical claim so that the Patient's health insurance can pay for your services to the Patient or the Patient's family members.

This screenshot shows the same VSee Clinic interface, but with a "CREATE CLAIM" dialog box overlaid in the center. The dialog box contains the text: "You are about to create an insurance claim. Do you want to continue?" and has "Cancel" and "Continue" buttons.

Below the dialog box, the "Billing" section is visible. It includes a "Submit Charge to Patient" form with the following details:

- Payment Method: **** 4242 [Change](#)
- Date: April 4, 2022
- Item: 15-min consultation [Change](#) (15 mins, USD 50.00)
- + Add Item
- Discount: %
- Subtotal: USD 50.00

Scope and Limitations:

- An insurance claim can only be created using an insurance plan with an “Active” status.
- Currently unable to view claim status via VSee Clinic / Patient Portal.
- Currently, Procedure and Diagnosis details are not reflected on the invoice.
- An insurance plan with an “Active” eligibility status cannot be edited or removed by the patient until the eligibility period has expired. Or if the provider chooses to update it themselves on their end.
- Two is the maximum number of insurance plans a patient may add per patient account. If ever the primary insurance plan is removed, the secondary insurance plan will become the primary.
- Currently, the Diagnosis and Procedure codes will only be added to the insurance claim form after the Provider has clicked the “Sign & Send” button.
