How to Add a Descriptive Name When Creating Appointments

Jay-Ileen (Ai) - 2024-04-17 - [VSee Clinic for Providers](#)

Adding a descriptive name to scheduled visits allows both Provider and Patient to know what the visit is all about. Schedulers can create appointments with a descriptive **Visit Name** which will show on the appointment invitation and reminder emails and texts.

Adding a Descriptive Name When Creating a Scheduled Visit

When creating a scheduled visit, add a descriptive name for the appointment under the **Visit Name** field.

Click on **Edit** to be able to add the visit name.
