

How to Bill for Remote Patient Monitoring

Jay-Ileen (Ai) - 2023-07-27 - VSee Clinic for Providers

For Patients who are under the Remote Patient Monitoring (RPM) program, you can review their health metrics without the need to have a video consultation every time.

1. Click on the **Health** tab.
2. Click on the **patient's name**.

*Note: You can also find and select the patient from the **Patients** tab.*

The screenshot shows the VSee Health interface. At the top, there is a navigation bar with tabs: Dashboard, Patients, Schedule, and Health. The Health tab is highlighted with a red box and a red circle with the number 1. Below the navigation bar, there are four donut charts showing patient risk levels for different metrics:

- Patients By Blood Pressure Risk:** Medium Risk (1 patients), High Risk (0%), Medium Risk (50%), Normal (50%).
- Patients By Blood Glucose Risk:** High Risk (1 patients), High Risk (100%), Medium Risk (0%), Normal (0%).
- Patients By Pulse Risk:** Medium Risk (1 patients), High Risk (0%), Medium Risk (100%), Normal (0%).
- Patients By Blood Oxygen Risk:** Normal (1 patients), High Risk (0%), Medium Risk (0%), Normal (100%).

Below the charts, there is a table of patient data. The table has columns for Patient Name, Pulse, Blood Pressure, Blood Glucose, HbA1c, Blood Oxygen, Temperature, Weight, and Actions. The first row shows data for Aileen White, who is 27 years old, female, and has a pulse of 110 bpm, blood pressure of 120/80 mmHg, blood glucose of 200 mg/dL, HbA1c of 6.4 %, blood oxygen of 95 %, temperature of 98.6 °F, and weight of 75 lbs. The patient's name is highlighted with a red box and a red circle with the number 2.

Patient Name	Pulse	Blood Pressure	Blood Glucose	HbA1c	Blood Oxygen	Temperature	Weight	Actions
Aileen White 27, F	110 bpm a day ago 04:04 PM	120/80 mmHg a day ago 04:02 PM	200 mg/dL a day ago 04:02 PM	6.4 % a day ago 04:04 PM	95 % a day ago 04:03 PM	98.6 °F a day ago 04:03 PM	75 lbs a day ago 04:02 PM	

3. Click on the **Health** tab to view the patient's Health trackers.
4. Once you're done reviewing the patient's profile, click on the **red button** at the bottom right of the page.
