

How to Bill for Remote Patient Monitoring

Jay-Ileen (AI) - 2023-07-27 - VSee Clinic for Providers

For Patients who are under the Remote Patient Monitoring (RPM) program, you can review their health metrics without the need to have a video consultation every time.

1. Click on the **Health** tab.
2. Click on the **patient's name**.

*Note: You can also find and select the patient from the **Patients** tab.*

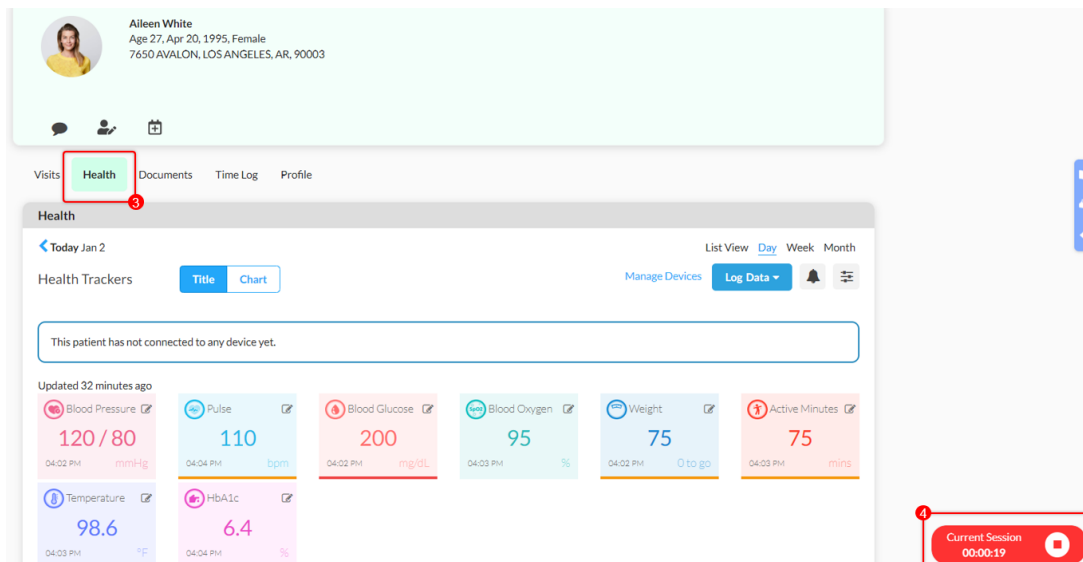

The screenshot displays the VSee Health interface. At the top, there is a navigation bar with tabs for Dashboard, Patients, Schedule, and Health. The Health tab is highlighted with a red box and a red circle containing the number 1. To the right of the navigation bar, the user's name 'Dr. Sarah Miller' is displayed. Below the navigation bar, there are four donut charts showing risk levels for different metrics:

- Patients By Blood Pressure Risk:** Medium Risk (1 patients), High Risk (0%), Medium Risk (50%), Normal (50%).
- Patients By Blood Glucose Risk:** High Risk (1 patients), High Risk (100%), Medium Risk (0%), Normal (0%).
- Patients By Pulse Risk:** Medium Risk (1 patients), High Risk (0%), Medium Risk (100%), Normal (0%).
- Patients By Blood Oxygen Risk:** Normal (1 patients), High Risk (0%), Medium Risk (0%), Normal (100%).

Below the charts, there is a table of patient data. The patient name 'Aileen White' is highlighted with a red box and a red circle containing the number 2. The table has the following columns: Patient Name, Pulse, Blood Pressure, Blood Glucose, HbA1c, Blood Oxygen, Temperature, Weight, and Actions.

Patient Name	Pulse	Blood Pressure	Blood Glucose	HbA1c	Blood Oxygen	Temperature	Weight	Actions
Aileen White 27, F	110 bpm a day ago 04:04 PM	120/80 mmHg a day ago 04:02 PM	200 mg/dL a day ago 04:02 PM	6.4 % a day ago 04:04 PM	95 % a day ago 04:03 PM	98.6 °F a day ago 04:03 PM	75 lbs a day ago 04:02 PM	🗨️ ⋮ □

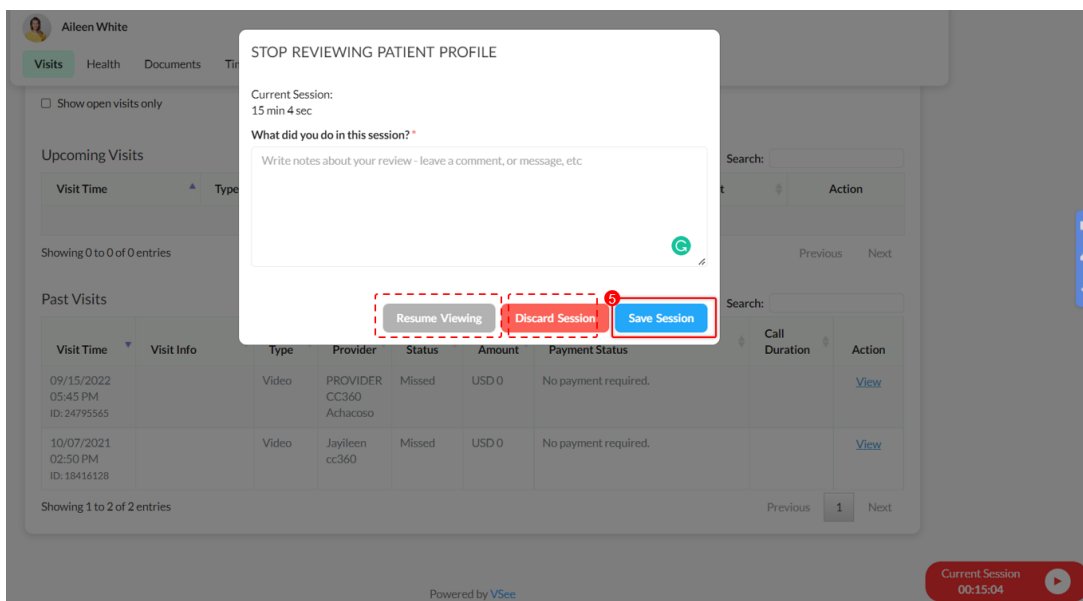

3. Click on the **Health** tab to view the patient's Health trackers.
4. Once you're done reviewing the patient's profile, click on the **red button** at the bottom right of the page.

A pop-up window will appear. You can see the duration of the session and have the option to add some remarks.

5. Click on **Save Session**.

You can select **Resume Viewing** to go back to continue the session. Or you can choose Discard Session to delete the time log.

6. Click on **Time Log** to view the session logs of the patient.

Note: You will see here the date and end time of the session, duration, Provider name and remarks (if there are any), and status.
