

## How to Create On-Call Slots

Jay-Ileen (Ai) - 2023-10-26 - Scheduling

It's important that Providers have already set up their On-Call slots on their Calendar.

Please contact [Sales](#) or your Account Manager to enable this feature in your Clinic.

1. Go to your **Schedule** tab.
2. Click on the **+Create** button OR drag from the Calendar the specific time slots you are available for walk-in visits.

The screenshot shows the VSee Clinic interface. At the top, there are navigation tabs: 'Dashboard', 'Patients', and 'Schedule'. The 'Schedule' tab is highlighted with a red box and a '1' in a red circle. To the right of the navigation is a user profile for 'Dr. Sarah Bays'. Below the navigation is a header for the 'SCHEDULE' view, showing the date range 'Aug 13 - 19, 2023' and view options: 'Today', 'Month', 'Week', and 'Day'. A '+ CREATE' button is highlighted with a red box and a '2' in a red circle. The main area is a calendar grid for the week of August 13-19, 2023. The time slots are listed on the left: 7:00 AM, 7:30 AM, 8:00 AM, 8:30 AM, and 9:00 AM. A red dashed box highlights a slot on Friday, August 18th, between 8:30 AM and 9:00 AM. The legend on the left indicates that a purple checkmark represents an 'Open slot (on-call)'.

3. Select **Create Slots**.

4. Under the Purpose field, click **On-call**.
5. For Providers assigned to multiple Clinics, you can assign which Clinics you want to set up the on-call hours.
6. Select the **Date**, **Start time**, and **End time** of the on-call hours.
7. You can also set it up for recurring visits.
8. Click on **Confirm** to save.
