How to End the Visit

Jay-Ileen (Ai) - 2023-04-10 - VSee Clinic for Providers

If you're done with your visit with the patient, click on the **red phone** icon to end the call.

A pop-up window will appear with options for you to select.

Click **End Visit For All** to end the call and complete the visit.

Note: This will end the visit for all the participants in the call.

A notification will appear - informing you that the patient has exited the waiting room and the visit has ended.

You will also see the status of the visit as "Completed".
