

How to Switch your All Visits View

Jay-Ileen (Ai) - 2024-10-15 - [VSee Clinic for Providers](#)

For Providers assigned to multiple Clinics, you can choose to switch the patient records view. You can choose to show only the data of your patients visits from the current clinic you are logged in, or all of the data of your patients visits from the other clinics you have been assigned.

This allows Providers to manage the All Visits data for privacy, or to ensure there is no confusion when reviewing the visits of the patients per clinic.

Switch to Display from All my Clinics

1. Click on the **Profile Menu** or your name.
2. Under the Display patients field, select **From all my clinics**.

Note: Only Providers who are assigned to multiple Clinics (not just rooms) have the Display patient field on the Profile menu.

1. Click the **Patients** tab.

Under All Visits, the Clinic column will appear, and other data of patients from all the Clinics you are assigned.

The screenshot shows the VSee Clinic interface. At the top, there are navigation tabs: Dashboard, Patients (highlighted with a red box and number 3), Schedule, Health, and e-Rx (with a notification badge of 4). On the right, there is a profile menu for Dr. Sarah Bays (highlighted with a red box and number 1). The main content area has two tabs: Patients and All Visits. Below the tabs are filters for Day, Week, Month (selected), and Custom, along with navigation arrows and a date selector for 'This Month' and 'Sep 2024'. A 'Show 25 entries' dropdown is visible. The table below has columns: Visit Time, Patient, Waiting Room, Clinic (highlighted with a red box), Provider, Gender, and Age. The table contains two rows of patient visit data. On the right, a dropdown menu for 'Display patients' is open, showing two options: 'From this clinic only' and 'From all my clinics' (selected and highlighted with a red box and number 2). Below the dropdown, there is a list of assigned clinics: VSee Clinic team.vsee.io, VSee Clinic jayileen.vsee.io, VSee Clinic chi.vsee.io, and VSee Clinic erx.vsee.io.

Visit Time	Patient	Waiting Room	Clinic	Provider	Gender	Age	Er

Note: Whatever you select on the Display Patients field will also affect the patients appearing on your Waiting Room Dashboard. Once you select "From this clinic only" - you will only see patients entering the Waiting room from the Clinic you are currently logged in. If you select "From all my clinics" - you will see the patients who enter your waiting room from all of the different clinics you have been assigned.

Switch to Display from This Clinic Only

1. Click on the **Profile Menu** or your name.
2. Under the Display patients field, select **From this clinic only**.

Note: Only Providers who are assigned to multiple Clinics (not just rooms) have the Display patient field on the Profile menu.

1. Click the **Patients** tab.

Under All Visits, the Clinic column will disappear, and will no longer show the other data of patients from all the Clinics you are assigned. It will only display patients data from the clinic you are currently logged in.

The screenshot shows the VSee Clinic dashboard. The 'Patients' tab is selected in the top navigation bar. Below the navigation, there are tabs for 'Patients' and 'All Visits'. The 'Patients' tab is active. Below the tabs, there are filters for 'Day', 'Week', 'Month', and 'Custom'. The 'Month' filter is selected. Below the filters, there is a 'Show 25 entries' dropdown. Below the dropdown, there is a table with columns: Visit Time, Patient, Waiting Room, Provider, Gender, Age, and Email. The table contains two rows of patient data. On the right side, there is a profile menu for 'Dr. Sarah Bays'. The 'Display patients' dropdown menu is open, showing two options: 'From this clinic only' (selected) and 'From all my clinics'.
