

How to Update Your Room Description

Jay-Ileen (Ai) - 2023-07-17 - VSee Clinic for Providers

As a Provider, you can update your clinic room's description on the landing page so that the Patients have information about the services you offer or some instructions for them to follow.

1. Click on **Your Name** or the **Profile Menu**.
2. Select **My Clinic**.

The screenshot shows the VSee Clinic dashboard. At the top, there is a navigation bar with 'VSee Clinic' in green, followed by 'Dashboard', 'Patients', 'Schedule', 'Health', and 'e-Rx'. On the right side, there is a user profile for 'Dr. Sara Miller' with a dropdown arrow. A red box highlights this profile. Below the profile, a dropdown menu is open, showing options: 'My Account', 'My Clinic', 'Waiting Room Notifications', 'Invite Patient', 'Switch to old Dashboard', 'Switch to new Visit page', 'Help', 'Test Device', and 'Log Out'. A red box highlights the 'My Clinic' option. The main content area is titled 'MY CLINIC' and contains a 'Payment Settings' section with a 'Connect Stripe Account' button. Below that is a 'Waiting Room Settings' section.

3. Under **Room Description**, input the description of your clinic/room that you want to show on the landing page for the patients to see.

The screenshot shows the 'Waiting Room Settings' page. It has a title 'Waiting Room Settings' and a subtitle 'This is your waiting room settings page. You may customize the settings of each waiting room by choosing one from the list below.' Below this is a section titled 'Waiting room settings for' with a dropdown menu showing 'Training'. Below the dropdown, there are fields for 'Room code: vsee-training', 'Walk-in visit hours: Open all time', and 'Visibility: Public'. Below these fields is a 'Room Description' section with a text area containing the text: 'Hi Patient, Please enter the waiting room 10 minutes before the scheduled time, and make sure to allow your microphone and camera for VSee Clinic to access. Thank you.' A red box highlights this text area. Below the text area is a 'Room Code' field.

4. Click on **Update** at the bottom of the page.

Service currently not available. Please check back later. Sorry for the inconvenience.

Visibility

Public - anyone can search for the room in VSee Clinic mobile app.

Unlisted - patient can only access the room using a link or a room code.
