

Invite Guests To A Call

April - 2020-08-14 - VSee Clinic for Patients

GUEST INVITE FEATURE

With this feature, providers and patients can securely bring a family member or an interpreter into a video visit using a meeting link or dial-in number.

For Providers

1. On the waiting room dashboard, click on the patient's name.
2. Under **Visits** tab, click on the Invite guest icon to show the guest invite link and dial-in number.

For Patients

After entering the waiting room, the guest invite link and phone dial-in number will be displayed.

When patient joined on the web (In-browser call)
