Send an Email Invite, Import Contacts or Use your Invite Link

1. Contacts > Click on + icon > **Invite to VSee**.

2. A window will open directing to my.vsee.com.

A) Find Contacts - Import your existing contacts to VSee from Gmail, Yahoo, and other accounts.

B) Invite People - Directly invite one or multiple contacts by typing their email address and clicking Invite.

C) Share Link - Copy and send your personal VSee invite link to contacts you want to invite.

The screenshot shows the VSee website interface. At the top, the VSee logo is displayed. Below it, the heading "Share VSee with more people" is followed by the subtext "Get your contacts on-board VSee with 3 easy methods!".

A) Find Contacts

This section features icons for various email providers: Gmail, Outlook, iCloud, Yahoo, and others. Below the icons, a small text block states: "Your contacts are safe with us. We'll import your address book to suggest contacts only. We do not store your address book or credentials. We won't invite or email anyone without your permission. [Privacy policy](#)".

B) Invite People

This section includes an input field containing "person@company.com". Below the field, there is a note: "tab or @ to add another". A reCAPTCHA widget is present with the text "I'm not a robot" and a "reCAPTCHA Privacy - Terms" link. A green "INVITE" button with an envelope icon is at the bottom.

C) Share Link

This section shows a text box with the URL "https://vsee.com/s/5eb32eccf28b3" and a green "COPY" button. Below this, a "Pro Tip" reads: "Embed this invitation link in your email signature or website".

Tips:

- Add your share link in your email signature.
- If you have your own website, create a hyperlink with your share link
