About My Company group

"My Company" contact group is a feature designed to allow co-workers within the same organization to quickly connect with each other. You should only see a "My Company" group if you signed up using your company email and if this feature is enabled for your company by request.

About Contact Requests Group

The "Contact Requests" contact group will automatically appear if you have any outstanding contact requests to accept, decline or mark as spam. It will disappear if there are no pending requests.
