

## Open and Log In to VSee Messenger

- 2026-02-23 - [VSee Messenger \(Providers and Patients\)](#)

When expecting a call or chat, it's always best to check and make sure you are logged in to your VSee Messenger App. This will allow you to avoid missing any important calls or messages from your contacts.

### Open VSee Messenger

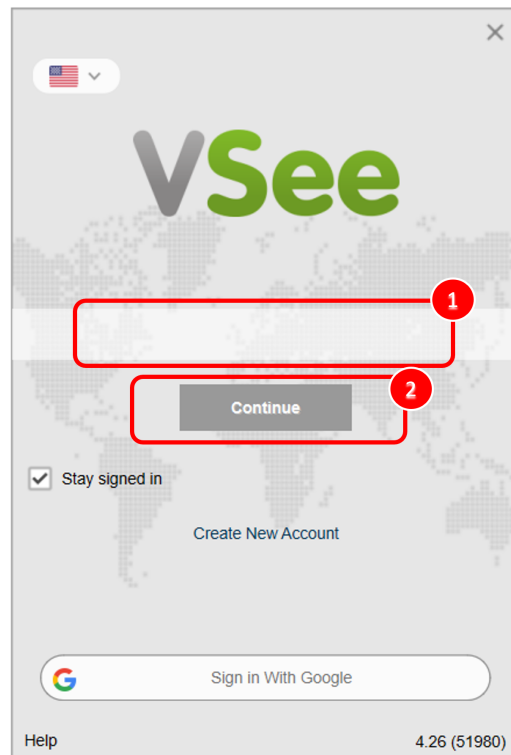

Once VSee Messenger is installed, it will create a shortcut by default on your desktop where you will see its logo.

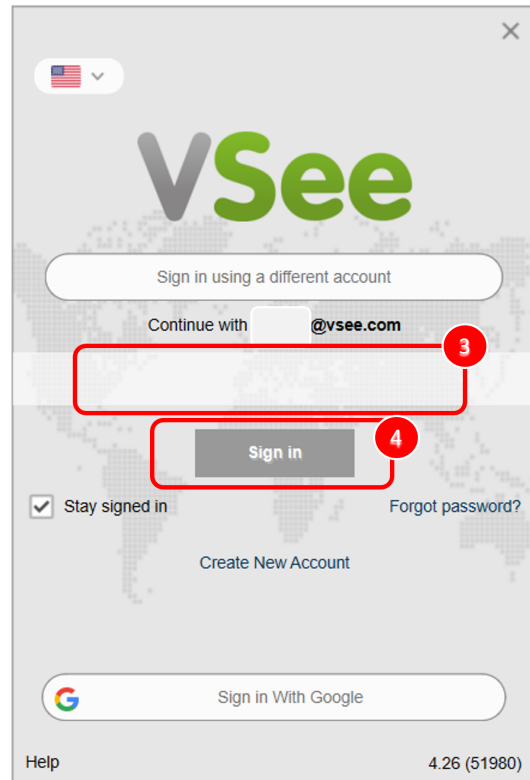

To open the app, simply double-click on the logo.

## Log in to VSee Messenger

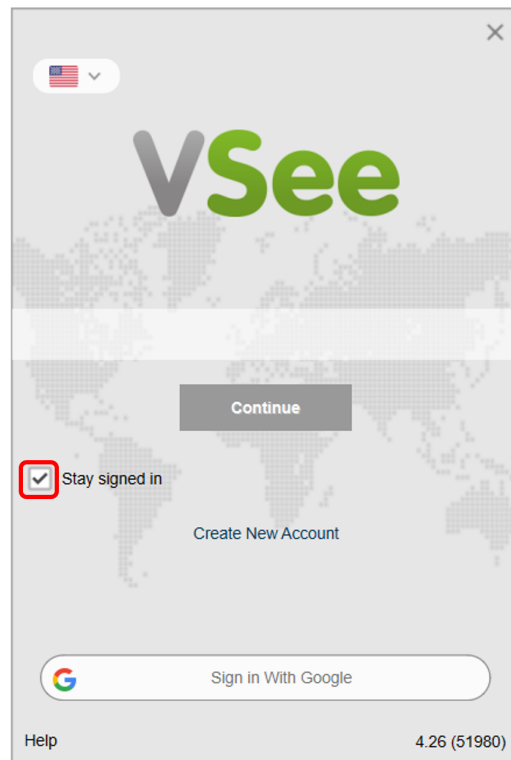

1. Type in your **Username**.
2. Click **Continue**.
3. Type in your **Password**
4. Click **Sign in**.

### Stay Logged In

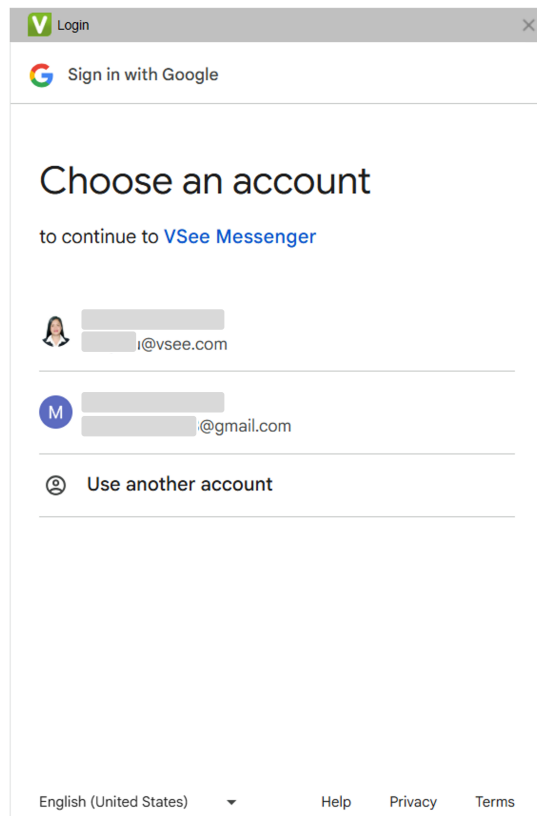

Before logging in to the app, users may check on the option to **Stay signed in**. When this is enabled, the app will remember the user's credentials and automatically log them in when they open the app.

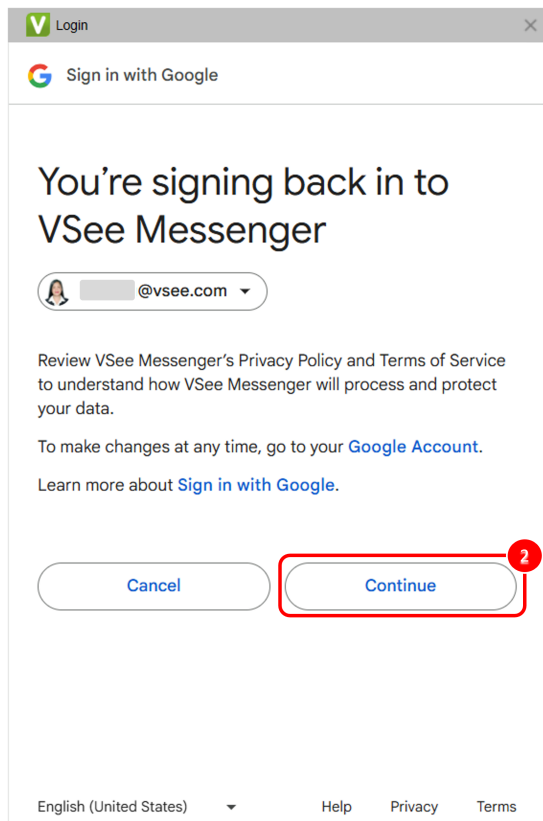

### **Log In with Google Account**

Users who are using their Gmail account for VSee Messenger can log in by following these steps:

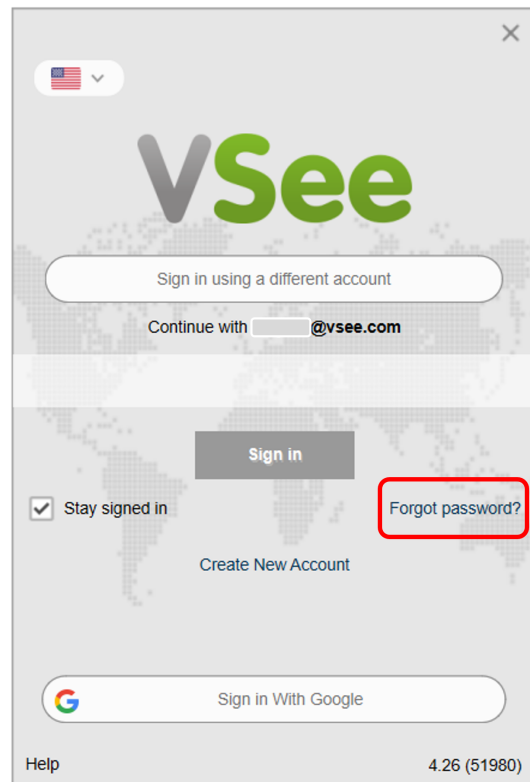

1. Click **Sign in with Google**. A pop-up will appear within the app showing the available Google accounts. Select the Google account you wish to use.
2. Click **Continue** to complete the login process.

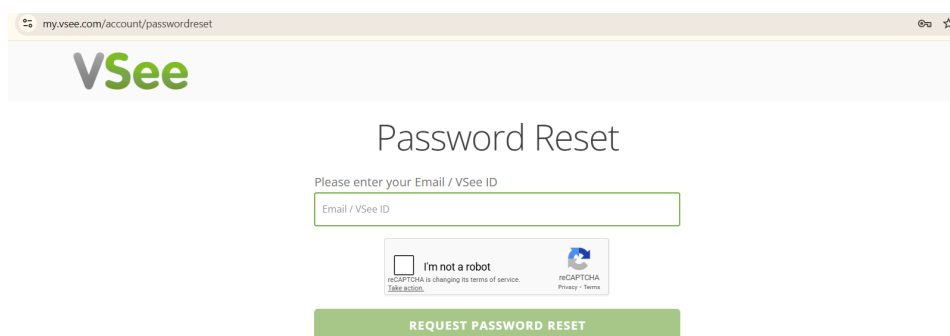

## Forgot or Reset Password

Users who forgot their password can reset their password by going to [VSee - Password Reset](#) or by clicking on the **Forgot Password** link on the app. Email address should be typed in first before the option to click on **Forgot Password** will appear.

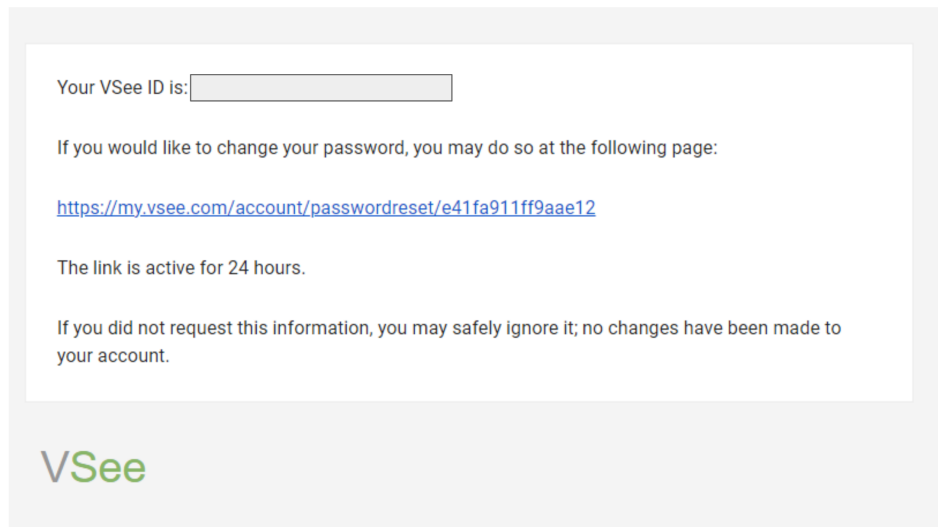

The user will then be routed to the Password Reset page, where they need to enter the **email address** or **VSee ID** associated with their account. After entering it, they must complete the “I’m not a robot” reCAPTCHA verification, and then click the REQUEST PASSWORD RESET button to receive the reset link in their email.

*Note: For users who also signed up for an online VSee Clinic account, an account for the VSee Messenger app will be simultaneously created as well. This will result in having the same login credentials for both.*

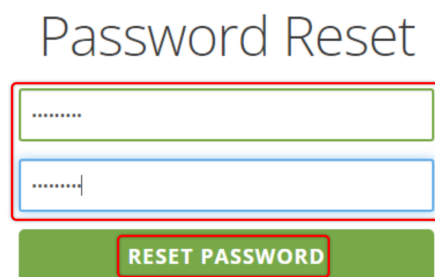

The user may then open their email address for the link. Please make sure to check not only your Inbox but also your Spam or/and Junk folders as well. Once you find the email, open it and **click on the link** provided. As stated

in the email, this link will only be **active for 24 hours** after the allotted time, the link will not work anymore.

Upon opening the link, the user will have to **enter a new password** and click on the **Reset Password** button. The user will then get a confirmation that the password reset was successful after which they can now log in using their new password.

A screenshot of the 'Password Reset' form. The form consists of two text input fields, each containing a series of dots to represent masked characters. The top field is outlined in green, and the bottom field is outlined in blue. Below the input fields is a green button with the text 'RESET PASSWORD' in white, which is outlined in red.

*Note: The password must contain at least one of the English uppercase characters (i.e. A-Z), one of the English lowercase characters (i.e. a-z), one of the base 10 digits (i.e. 0-9), and one of the non-alphanumeric (e.g. !, @, #, \$, or &)*

## VSee Messenger Not Showing

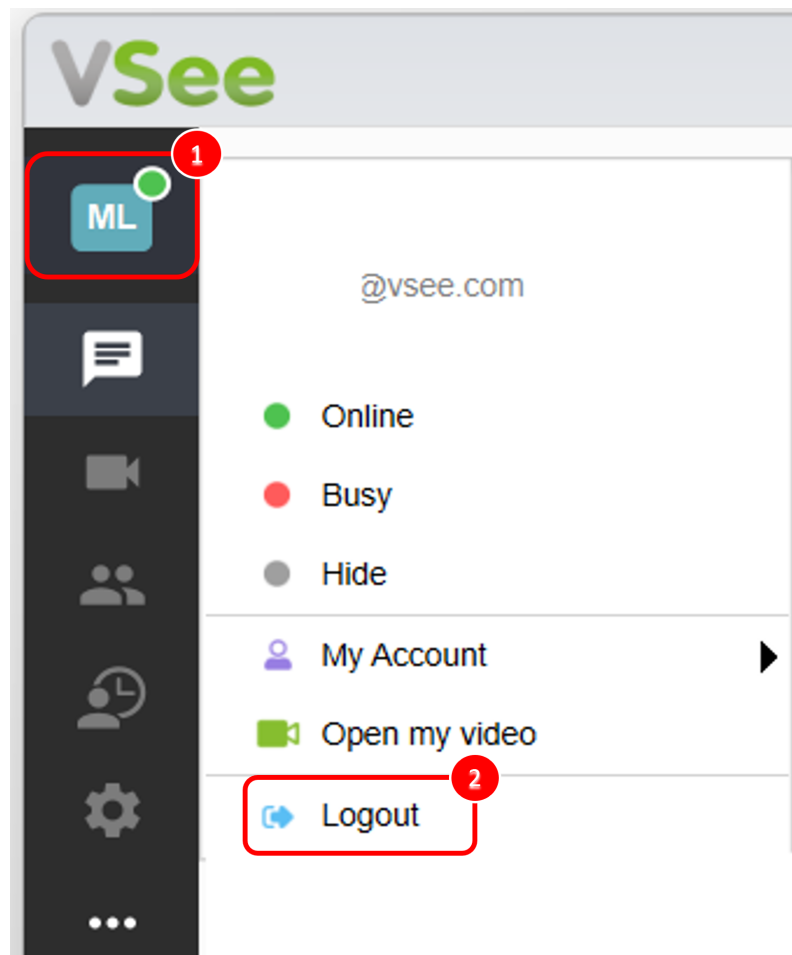

When the Vsee Messenger app is open, it may not show on your screen if it's in the background.

1. To show or display the app, you may check your **system tray**.
2. Click on the **VSee icon**.

## Log Out from Vsee Messenger

1. Click on your **Initials**.
2. Select **Log out**.

*Note: You can also close the app by right-clicking on the logo and selecting Exit. Doing this will both log you out as a user and close the app.*
