

Send Images and Files

- 2020-01-27 - VSee Messenger (Providers and Patients)

SEND FILES THRU CHAT

1. Open the VSee Messenger app.
2. Open a 1-1 or group chat window and click on the + icon.
3. Choose **Send Images** or **Send Files**. Alternatively, you can drag and drop an image or file into a chat window.

SEND AND RECEIVE FILES THRU VIDEO

To send an image or file while in a call, just drag an image or file to the video window. To receive, drag the file onto your desktop or into a folder. 

FILE SIZE LIMIT

File transfer limit is 2GB which is a limit imposed by the file system, not by VSee.
