Send Images and Files

- 2023-07-17 - VSee Messenger (Providers and Patients)

Send Files Through Chat

- 1. Open the VSee Messenger app and open a 1-1 or group chat.
- 2. Click on the + icon.
- 3. Choose Send Images or Send Files.

4. Select the file or image you would like to send. Click on **Open**.

V Select File(s) to send					
Look in:	Cample Image		 G Ø 	⊳ 🖽 🏷	
Home					
Desktop	CovidHomeInfe	TestResults.png	Thermometer.png		
Libraries					
This PC					
2					
Network	File name:	Thermometer.png		J 🕈	Open
	Files of type:	All Files (*.*)		~	Cancel

5. You will see a preview of the file if it is an image, otherwise it will show the file name for confirmation. Press the Enter key to send the file and/or image.

Note: Alternatively, you can drag and drop an image or file into the active chat window. (Windows and MacOS)

File Size Limit File transfer limit is 30MB. Tags file image Vsee Messenger
