Start and Stop Recording on VSee Messenger

Jay-Ileen (Ai) - 2023-10-26 - VSee Messenger (Providers and Patients)

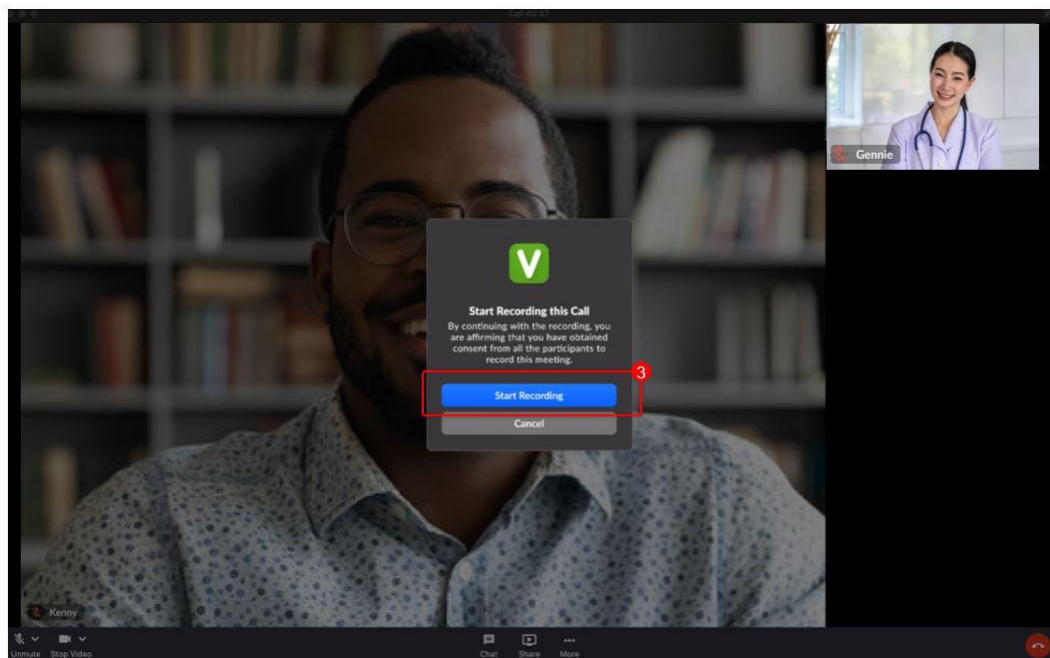

How to Start Recording

1. Click on **More**.
2. Select **Start Recording**.

3. A pop-up window will appear. Click on **Start Recording**.

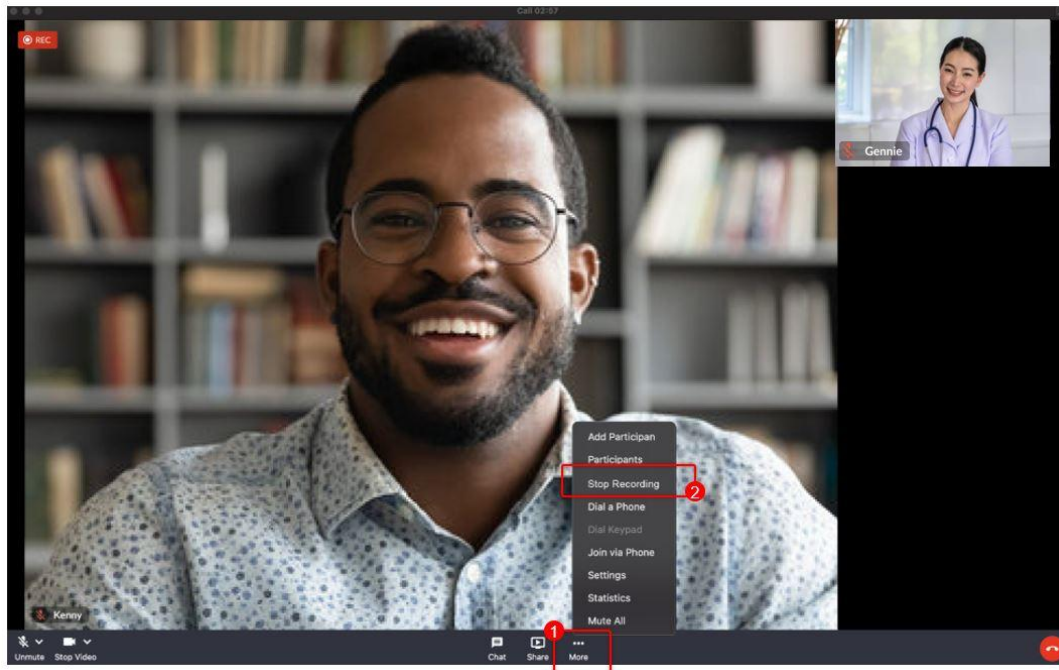

You will see the **REC** indicator on the top left of the screen as confirmation that the call is now recorded.

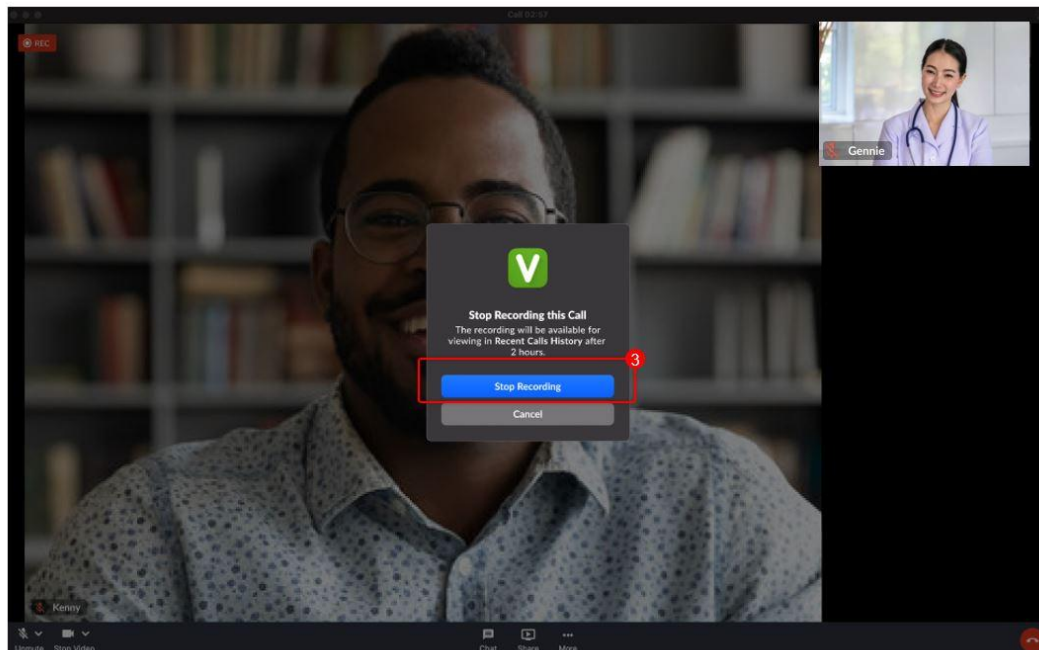

How to Stop Recording

1. Click on **More**.
2. Select **Stop Recording**.

3. A pop-up window will appear. Click on **Stop Recording**.

The **REC** indicator on the top left of the screen will disappear from the screen as a confirmation that the recording has stopped.

The recording will stop automatically once it has hit the maximum recording time limit of 4 hours. An alert box will show to notify the host who was doing the recording.

Note: All these steps should apply to the VSee Clinic side as well.
