

## State and Specialty Mapping

Jay-Ileen (Ai) - 2022-12-27 - VSee Clinic for Providers

### State Mapping

For clinics that serve the multi-states area of America, State mapping is essential so that providers can attend to patients according to the states that are only allowed for their license.

During the intake process, patients can select the state they are located and if there are multiple time zones in that state, they can also select their actual timezone; the same process goes for Clinic Schedulers.

The screenshot displays a form for state and specialty mapping. At the top, there are several fields: Visit Option (Intake - 60 Minutes), Name of Service (Outpatient Appointment), Location (Texas), Timezone (--), Date and Time (--), and Provider Name (--). Below these fields is a section titled "Location" with a "Step 2 of 4" indicator. This section contains a grid of state options: Arizona, Arkansas, Florida, Georgia, Idaho, Illinois, Kentucky, Maine, Maryland, Missouri, New Mexico, North Carolina, Ohio, Oklahoma, Pennsylvania, South Carolina, Tennessee, Texas (highlighted in blue), Virginia, and Washington. Below the state grid is a "Timezone" dropdown menu with the following options: "Select a timezone", "Select a timezone" (highlighted in blue), "UTC-06:00 Central Time (US & Canada)", and "UTC-07:00 Mountain Time (US & Canada)". At the bottom right of the form are "Previous" and "Next Step" buttons. The footer of the form indicates "Powered by VSee".

### Specialty Mapping

Patients can choose their preferred provider according to their specialties. The Providers' specialties will reflect on the landing page of the clinic.

Once the patient selects the Provider by clicking on their name, they will be able to view the Provider's profile and can book an appointment with that chosen provider.

## Welcome to Training

Room code: vsee-training

Open  
Current number of patients waiting: 0  
If this is an emergency, please call 911.  
Hi Patient,

Please enter the waiting room 10 minutes before the scheduled time, and make sure to allow your microphone and camera for VSee Clinic to access. Thank you.

- Enter Waiting Room
- Book Appointment
- Submit E-Consult
