

## Test Audio and Video Settings

- 2020-09-10 - VSee Clinic for Patients

### TEST COMPUTER

On your web browser, go to your custom clinic web address.

Before or after logging in as a provider or patient, test your audio and video setup by clicking on **Test Computer**.

For providers using mobile browser, go to your custom clinic web address. Log in, click on your name then **Test Computer**.

Please note this test is not available for patients on mobile. You need to allow camera and mic permissions instead if you have not done yet. See

<https://help.vsee.com/kb/articles/allow-camera-and-mic-permissions-android-and-ios>.
