

The Problem List tab

Jay-Ileen (Ai) - 2024-07-10 - VSee Clinic for Providers

For Clinics that use the Notes feature and track patient diagnosis (ICD-10 codes), the Problem list tab can be enabled to keep all past diagnoses of each patient's visits.

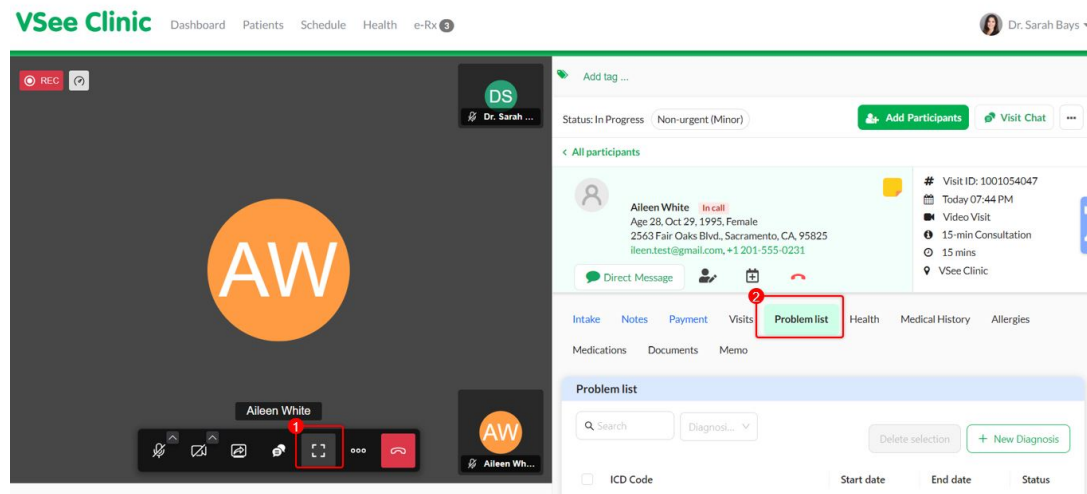

Note: Please reach out to your Account Manager if you'd like to enable this feature in your Clinic.

How to Use the Problem List tab

1. Hover on the patient's window and click the **Minimize** icon from the menu tray.

The Visit Details page will appear on the right side of the screen.

1. Click on the **Problem List** tab.

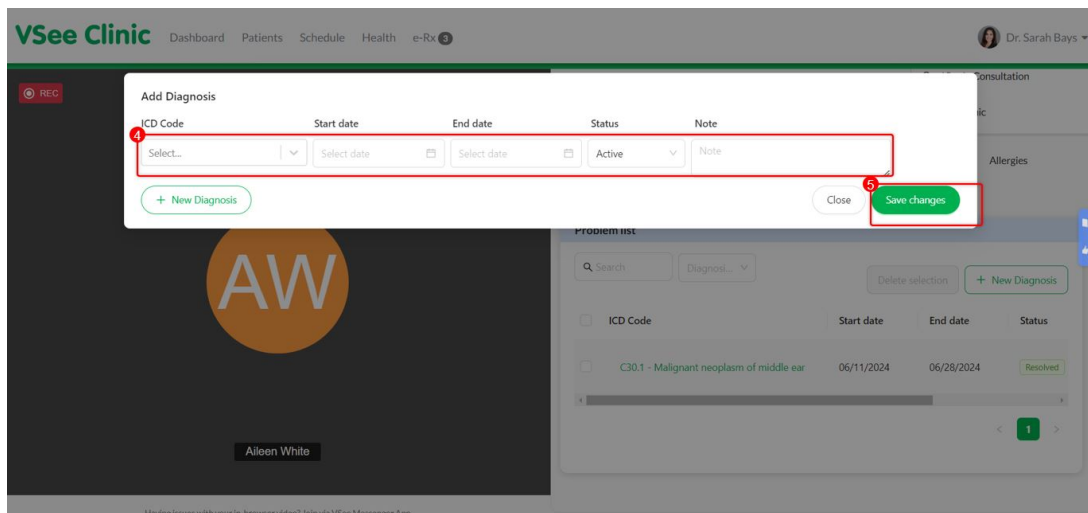

Open prob1-20240710-025124.JPG

1. Click on **+New Diagnosis** button.

The screenshot shows the VSee Clinic interface. On the left is a video call window with a large orange circle containing 'AW' and a name tag 'Aileen White'. On the right is a sidebar with navigation tabs: Intake, Notes, Payment, Visits, Problem list (selected), Health, Medical History, Allergies, Medications, Documents, and Memo. The main content area shows the 'Problem list' for patient Aileen White. It includes a search bar, a 'Diagnosis...' dropdown, a 'Delete selection' button, and a '+ New Diagnosis' button (highlighted with a red box). Below this is a table with columns: ICD Code, Start date, End date, and Status. The table contains one entry: 'C30.1 - Malignant neoplasm of middle ear' with start date '06/11/2024', end date '06/28/2024', and status 'Resolved'. A red circle highlights the 'Delete selection' button.

1. Search the **ICD Code** from the dropdown list, select the **Start date** and **End date**, select the **Status** (whether Active, Inactive, Resolved), and you can add a **Note**.
2. Click **Save Changes**.

The new Diagnosis has been saved and added to the Patient's Problem List tab.

On the Problem List tab, you also have options to **Edit** or **Delete** the Diagnosis listed.

Open prob4-20240710-025919.JPG

The screenshot displays the 'Problem list' section of a medical software interface. At the top, there are tabs for 'Intake', 'Notes', 'Payment', 'Visits', 'Problem list' (selected), 'Health', 'Medical History', 'Allergies', 'Medications', 'Documents', and 'Memo'. Below the tabs, there's a 'Problem list' header with a search bar and a 'Diagnosis status' dropdown. A 'Delete selection' button and a '+ New Diagnosis' button are also present. The main area contains a table with the following columns: ICD Code, Start date, End date, Status, Note, and Action. Two rows of data are shown: 1. ICD Code: A00.0 - Cholera due to Vibrio cholerae 01, biovar cholerae; Start date: 07/07/2024; End date: 07/09/2024; Status: Active; Note: Patient needs to be have a follow-up visit; Action: Edit, Delete. 2. ICD Code: C30.1 - Malignant neoplasm of middle ear; Start date: 06/11/2024; End date: 06/28/2024; Status: Resolved; Note: ear asdfghjkl; Action: Edit, Delete. A red dashed box highlights the 'Edit' and 'Delete' options in the 'Action' column for the first row. At the bottom right, there's a pagination control showing '1'.

Detailed Diagnosis Information:

- **Diagnosis:** Clear and concise descriptions of each diagnosed condition will be listed, providing an accurate medical history.
- **Start Date:** The date when the diagnosis was first made, helping track the progression and duration of conditions.
- **End Date:** If applicable, the date when the diagnosis was resolved or ended, offering a complete picture of your health over time.
- **Status:** This allows providers to select the current status of each diagnosis. This helps to keep your medical record up-to-date and indicates which conditions are **Active**, which have been **Resolved**, and which are **Inactive** but still relevant to your medical history.
- **Optional Notes Section:** An optional notes section allows providers to include any extra details or relevant information about each diagnosis, supporting a more personalized and comprehensive approach to your care.

*Note: Whenever a Provider adds a diagnosis in the SOAP notes during a visit, the Start Date is also marked. This is triggered when the provider **signs and sends the notes**.*
