## Update Profile and Online Status

- 2023-07-12 - VSee Messenger (Providers and Patients)

Users will have an option to change or update their VSee Messenger profile. This includes their display name and password. They can also set the option to receive an email notification when someone sends them a message and they happen to be logged out from their VSee Messenger app.

- [How to Edit User Profile](#)
- [How to Change Status or Presence](#)

## Edit User Profile

To edit your profile, you may go to [VSee - Messenger Login Page](#) or follow the steps below.

1. [Open and Log in to VSee Messenger.](#)
2. Click on your **Initials.**
3. Select **My Account.**
4. Then click on **Edit Profile.**

You will then be brought to your account profile settings page (if you used the link above you will be asked to log in with your account credentials). Simply click on the **pencil icons** to edit your first name, last name, and password. You may also turn on or off the option to get email notifications for messages that were sent to you by clicking on the **check box**.

*Note: There is no save or update button here so if you are already logged in to your Messenger account, please log out and then log back in to apply the change made.*

DELETE MY ACCOUNT

An option to delete your account will also show here. For more details on this, please go to [VSee Messenger - How to Delete Your Account - Knowledgebase / FAQs - VSee Helpdesk](#) .

*Note: For security purposes, our system does not allow changing an account's email address. Please create a VSee Messenger account using your new email address. You may go here for more details [Change VSee Messenger Email and Migrate Contacts - Knowledgebase / VSee Messenger \(Providers and Patients\) - VSee Helpdesk](#) .*

## Change Status or Presence

Depending on what the user is doing, they can also change their status or online presence in VSee Messenger. This will allow them to change how their contacts see them from their app.

1. Click on your **Initials**.
2. Select which **Status** to show.

Below is the description for each of the different statuses:

-  **Online** - This is the default status.
-  **Busy** - You will be automatically be shown as busy when in a call.
-  **Hidden/Offline** - When hidden, you are shown as offline but you can still receive chats and calls.
-  **Idle** - System-defined status. Your status will show as idle after 5 mins of inactivity.
-  **Mobile** - System-defined presence. This is when you are logged-in your mobile device.
