## Using The Practice Report

Joel Barcillo - 2023-07-21 - Clinic Admin Guides

### Using The Practice Report

As a Clinic Admin, opening the Admin Panel will show the Admin dashboard where you can see the widget for the Practice Report.

### **Admin View**

Under the Admin view, you can see the following information:

- Total Active Providers
- Total Active Patients
- Patients Added This Period
- Total Readings This Period
- Practice Report
- Active Users

Total Active Providers 0 -			Total Active Patients				Patients Added This Period Total Readings This Period	Total Readings This Period	
					(no d	lota)		(ro-deta) (ro-deta)	
Practice Repor	rt							Active Users	
Date	*	New Patients	¢	Active Patients	¢	Total Readings	÷ ^	Active Patients Active Providers	
07-23									
07-22									
07-21								(no dota)	
07-20									
07-19									
07-18									

### **Practice Report**

By default, it contains the following information:

- Date Days for the past week and dates from 2 weeks ago
- New Patient Shows the number of new patients who signed up on the clinic
- Active Patient Shows the number of patients who have recently updated health readings
- Total Readings Shows the overall number of readings recorded on the platform.

On the upper-right side of the widget, you will see three icons/buttons:

• Search Icon - Allows you to search for a particular patient

- Gear Icon Shows options for how the widget is displayed (Color, Horizontal and Vertical Size)
- More Icon Shows more actions for the widget:
  - Edit Title Change the title for the widget
  - $\circ$  Export Export the data displayed on the widget as a .csv file
  - Refresh Refresh the widget
  - $\circ~$  Columns Select which columns will be displayed on the widget
  - $\circ~$  Move Click and drag this button to move the location for the widget.
    - Note: You can only move the widget on unoccupied slots that can fit the current size of the widget.
  - Remove Remove the widget from the Admin view.
    - Note: You can restore the widget by clicking on Add Widget and selecting Clinic Report (the alternate name of the Practice report).

Practice Report									
Date	•	New Patients	$\stackrel{\mathbb{A}}{\nabla}$	Active Patients	÷	Total Readings	÷ ^		
07-23		-		-		-			
07-22		-		-		-			
07-21		-		-		-			
07-20		-		-		-			
07-19		-		-		-			
07-18		-		-		-	-
