Software

VSee Messenger App

While your VSee Clinic dashboard can be accessed through an internet browser and calls can usually be made to your patients/clients through the same browser using the **In-browser Calling** feature, there are Clinics that use the **VSee Messenger App** in conjunction with VSee Clinic to handle the video calls.

- If you are not sure what your clinic uses, you may contact us at help@vsee.com for further assistance.
- You can also check the article about selecting between in-browser calling and using the VSee Messenger App for your VSee Clinic Calls

If your practice/clinic requires the use of VSee Messenger for you as a provider, you can download the app using the link below:
