What's in the Visits Tab?

Jay-Ileen (Ai) - 2023-08-12 - Getting to Know Your Dashboard

When you are on the call with your patient or when you are viewing the Visit page of a patient, you will find the **Visits** tab. Instead of going to the Patients tab, this is a shortcut to the patient's upcoming visits and past visits.

The screenshot shows the VSee Clinic interface. On the left is a video call window for Aileen White. On the right is a sidebar with navigation tabs: Intake, Notes, Payment, Visits (highlighted with a red box), Health, Medical History, Allergies. Below the tabs is a 'Visits' section with a 'Show open visits only' checkbox and a search bar. Under 'Upcoming Visits', there is a table with one entry:

Visit Time	Type	Provider	Visit Status	Amount	Action
12/19/2022 05:50 PM ID: 933514853	Video	Dr. Sarah Miller, M.D.	In Progress (Patient in waiting room)	USD 0	View

Below the table, it says 'Showing 1 to 1 of 1 entries' with 'Previous' and 'Next' buttons. There is also a 'Past Visits' section below.

You can view the details of the upcoming scheduled appointments of the patient.

This screenshot is identical to the previous one, but the 'Upcoming Visits' section in the sidebar is highlighted with a red box. The table content remains the same.

You can also view the details of the patient's past visits - whether it's completed, missed, aborted, or canceled.
