Where do I get my Room code or Room ID?

Jessica - 2019-10-31 - 0 Comments - in VSee Clinic for Providers

Providers can get their Room Code by going to their clinic dashboard:

1. Click INVITE
2. The code should be displayed just before their clinic name

After 3.2 release, the Room Code will also be visible to patients for a much-enhanced user experience.

A **patient** may look for the code once they're in their provider's clinic page.
