We have added a new feature so patients can instantly search for your waiting room(s) from the **VSee Clinic mobile app**. This feature is turned off by default but if you (provider or clinic admin) would like to enable it, please log in to your clinic and/or admin panel and choose "Public".

- 1 Go to "My Clinic" under your profile dropdown in the top right corner of your dashboard

- 2 Select your Waiting Room. Under "Visibility" section, set your room to "Public" if you want it to be searchable by public.
